**Checklist for 2002 Nationwide Permit Review**  
**Nationwide Permit 5**

**Scientific Measuring Devices**  
**(10/404)**

SAC#: \_\_\_\_\_

Applicant Name: \_\_\_\_\_

Waterway/Location: \_\_\_\_\_

Project Name: \_\_\_\_\_

1. Is the activity for the installation of devices whose purpose is to measure and record scientific data such as staff gages, water recording devices, water quality testing and improvement devices and similar structures; or for the construction of small weirs and flumes constructed primarily to record water quantity and velocity?  

☐ Yes      ☐ No
2. If the activity is for the construction of small weirs and flumes constructed primarily to record water quantity and velocity, is the associated discharge equal to or less than 10 cubic yards?  

☐ Yes      ☐ No      ☐ NA
3. If the activity is for the construction of small weirs and flumes constructed primarily to record water quantity and velocity, is the associated discharge between 10 and 25 cubic yards?  

☐ Yes\*      ☐ No      ☐ NA
4. If the activity is for the construction of small weirs and flumes constructed primarily to record water quantity and velocity, is the associated discharge greater than 25 cubic yards?  

☐ Yes      ☐ No      ☐ NA
5. Are all of the applicable NWP General and Regional Conditions satisfied, including endangered species, and cultural resources, and if any Federally listed species and/or designated critical habitat occurs in the action area, have you made an effect determination and properly documented it in the administrative record?  

☐ Yes      ☐ No
6. Is the activity located adjacent to an authorized federal navigation project? These federal navigation areas include Adams Creek, Savannah River, Jeremy and Town Creek at McClellanville, Village Creek at Beaufort, the Charleston Harbor Navigation Project (to include the Federal navigation channels in Shipyard River, Wando River, Town Creek, and channels at the naval weapons station), Georgetown harbor, Little River Inlet,

Murrells Inlet, Main Creek at Murrells Inlet, Port Royal Harbor, Wacamaw River, Shem Creek, and the Atlantic Intracoastal Waterway.

☐ Yes\*      ☐ No

TO QUALIFY FOR THE NWP, UNLESS OTHERWISE NOTED, EVERY NUMBERED ITEM MUST HAVE A CHECKED BOX.

\* - REQUIRES A PRE-CONSTRUCTION NOTIFICATION (PCN) TO THE DISTRICT ENGINEER.
